

OPEN FRONT FIREPLACES SINCE 1996

Golden Blount

LFP6024 Linear Fireplace

Shown with Antique Red Fluted Refractory Panels (FLT-6024)
and Cannon Balls (44).

Bolder proportions. Brighter flames.

The **LFP6024** expands on Golden Blount's signature LFP6018
with a taller opening and striking 8-10" flames.
Higher output valve for taller flame height.

LFP6024 Linear Fireplace

- BTU: 100,000
- Venting: 10" B-vent
- Horizontal termination allowed with power vent fan.
- Power vent fan is not required, but is highly recommended. Fan is needed in most newer, efficient homes, with foam insulation, unless adequate make-up air is supplied in addition to outside air kits.

Accessory Options:

Panels: Rear and side panels available in **Antique Red**, **Black** (pictured). Also available in **Buff**, and **Charcoal** (not pictured).

Cannon Balls and other fiber or ceramic media kits may be used to create your own personalized aesthetic for the fireplace interior. (Permitting there is zero flame impingement on fiber media, and ceramic media must leave all burner ports open.)

Decorative Ceramic Logs: See photo below with optional 3 piece Ghostwood Logs.

Shown with 3 piece Ghostwood Logs, Rear Reflective Panels, Fluted Side Panels in Antique Red, and Firepit Lava Rock. Ghostwood Logs are available in **Original Grey** (pictured) or **Ash Brown** (not pictured).
